

Graphics Care

Extending the Life of Your Vehicle Graphics

3 simple steps to ensure the life of your vehicle graphics

Abrasion will DESTROY your graphics.

- Do not wash vehicle with brushes or sponges.
- Use only a touch free car wash.
- High pressure hoses should be used with caution.

Do not clean with harsh, corrosive, or caustic chemicals.

- Only clean vehicle with mild soap and water.

Automotive wax may be applied to vehicle with a soft nonabrasive cloth

If you look after your graphics they will remain beautiful for years.
